EXAMINER'S ACTION

Art Unit: 1754

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 7, 8 and 11 are rejected under 35 U.S.C. 103(a) as being unpatentable over Murayama et al in view of Lee '891, for the reasons given in the last Office Action.

Claims 9 and 10 are rejected under 35 U.S.C. 103(a) as being unpatentable over Murayama et al in view of Lee '891 as applied to claim 7 above, and further in view of either Pinto or Porter, for the reasons given in the last Office Action.

Applicant's argument, that Murayama et al and Lee '891, taken alone or together, do not teach or suggest as a cooling agent metals having a melting point below the temperature in the reaction zone, is not convincing, since the cooling tubes of Murayama et al and Lee '891 would be capable of containing metals having a melting point below the temperature in the reaction zone to no less extent than it would molten salts such as sodium nitrate and sodium nitrite.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any
